

PIT STOP BETTING (“PSB”) LIVE & REAL EVENTS POLICY

What are Real Event and Live Plays?

Real Event is a real physical event that is taking place somewhere in the world and as defined by the UK Gambling Commission.

Live Plays is a Real Event where PSB is offering plays whilst the Real Event is taking place.

Live Plays **means** betting that takes place while an event is in progress. In addition to the rest of this Policy, **the following rules apply** to Live Plays:

- We reserve the right, at our sole discretion, to void any part of any, or all, bets on any Live Plays event that is not completed (i.e. abandoned, postponed);
 - where a blatant or palpable error is made in offers made, plays offered and presented, odds resented, prices offered, or Plays/bets accepted or in the/in transmission of any event on which we have purported to offer Live Plays, plays and bets may be settled at the correct price at the time at which the play bet was placed, as determined by us; or
 - where we have reasonable grounds to believe that a Play or bet is placed after the outcome of an event is known, we reserve the right to void the Play or bet.
1. Please note that in the case of Live Plays, you may not at any time be able to see or otherwise be provided with the most up-to-date information in relation to the relevant event, including for example (but without limitation), through delayed coverage, a slow connection or equipment, or other system flaws, faults, errors or service interruption. PSB shall not be liable for any delay in relaying up-to-date information or for you in relying on out of date, inaccurate or delays information in placing your play(s) or bet(s).
 2. In addition to the rest of these terms relating to Live Plays (which apply equally to our Withdrawal functionality), the rules relating to Withdrawal feature can be found in our DISCONNECTION & WITHDRAWAL POLICY (“DWP”).
 3. The 'To Return' calculation available on the App is for information purposes only, and all bets will be calculated using the stake/risk at the odds accepted. In multiple bets/plays with a void selection(s) the 'To Return' figure is adjusted accordingly. If, however this means that the minimum number of plays would have not be reached, PSB reserves the right to return the wins as per the normal odds calculation instead.

4. Should a customer include a non-runner or void selection in a Real Event multiple bet/play, the bet will be settled on the remaining selections.
5. Winnings from settled bets/wagers are added to the balance of your betting account. Any funds/winnings credited to an account in error are not available for use, and PSB reserves the right to void any transactions involving such funds and/or withdraw the relevant amount from your account and/or reverse the transaction, either at the time or retrospectively.
6. PSB reserves the right to withhold payment and to declare bets on an event void if we have evidence that the following has occurred: (i) the integrity of the event has been called into question; (ii) the price(s) or pool has been manipulated; or (iii) the real event rigging has (or is suspected to have) taken place. Evidence of the above may be based on the size, volume or pattern of bets placed with PSB across any or all of our betting channels. A decision given by the relevant governing body of the sport in question (if any) will be conclusive. If any customer owes any money to PSB for any reason, we have the right to take that into account before making any payments to that customer.
7. Where there is evidence of a series of bets each containing the same selection(s) having been placed by or for the same individual or syndicate of individuals on a Real Event, PSB reserves the right to make bets void or withhold payment of returns pending the outcome of any subsequent investigation.
8. For events where there is no official 'off' declared, the advertised start time of the event will be deemed the 'off'. If for any reason a bet is inadvertently accepted after an event or match has commenced (other than live In-Play betting), bets will stand providing the final outcome is not known, and that no participant/team has gained any material advantage at the time the bet was placed. If the outcome of an event/market is known we reserves the right to void the bet, win or lose. Disputes over times bets are placed will be settled using the transaction log.
9. Where we have reason to believe that a bet is placed after the outcome of an event is known, or after the selected participant or team has gained a material advantage we reserve the right to void the bet, win or lose.
10. If for any reason we are unable to validate the outcome of a particular market, we will endeavour to seek validation by all reasonable means and, that failing, we reserve the right to declare all bets void, unless settlement of bets is already determined.
11. Bets and wagers are settled to fractional prices, irrespective of the odds format used for bet placement.
