## PEER TO PEER GAME START

For peer-to-peer game start user can:

- Create new game (Challenge your Friends). At this case game will start in peer-to-peer mode
- Join the games created by another users (Join Active Plays).
- Also on each card by swiping it up or pressing Play button user can find “Challenge your friend” option.

User can place bets on bet phrases which are available for the Odds play.

You choose a play, and amount and invite a friend, for example: Ferrari to win the race for £12. Your friend can then accept your play with opposite statement, for example, Ferrari will NOT win the race for £12. Via our internal in app safe chat, you can then decide to accept/reject or raise new game etc. User can change the play amount during the play, however the opponent has to agree with the change. 10% from the sum of play amount is PSB admin fee. In this case the winning will be  $£12 + £12 = £24 - 10\%$  ( $£2,4$ ) = £21,6. If Ferrari wins your win will be £21,6, if not than you friend will receive £21,6.

Game is created only when both users agree on the play amount and game have “Waiting for the race results” state.

## JOIN ACTIVE PLAYS

User can join the challenge created by other users by clicking on “Join Active Plays” button in “Challenge Users section.

## RESULTS CALCULATION

If the user1 bets for example “Vettel to win the race” and Vettel didn’t finished (didn’t win) than the user2 (his opponent), who bet that ‘Vettel will not win the race’ will get the money

In case if user1 places £12 bet, user2 places £12 bet - game amount will be £21,6 ( $£12 + £12 - £2,4$ ). 10% of the game amount (£2,4) will go to Pit Stop Betting. Than user2 will get £21,6 ( $£24 - £2,4$ )

Peer-to-peer game acceptance period stops 5 minutes before the race start. If you try to create a challenge after this time you will receive an error message stating that.

Each game (challenge) has it’s duration period - it lasts till the race end. At this case user unable to join an expired games (after the race end). Expired games are shown in Other tab of MyBook (book icon) section. PSB will validate the play and its outcome as it would for a normal play. PSB will also divert the funds played to the winner in a timely manner.

Win or lose, a 10% of the played amount fee is retained by PSB directly before payment of the winnings. Should all play fail, meaning neither parties to the play are successful in their prediction; each players' respective monies will be returned to them, minus PSB's 10% admin fee.

## **GAME SHARING**

By navigating from "Challenge your friends" in Challenge users section user get the stack of cards by pressing "Play" button on any of it there's an option "Share with your friends". After this user select the betting amount and press "Share now". After this the list of available sharing options appear. User can share the invite link via any available for this option app installed on this device

By navigating from "Challenge your friends" in Challenge users section user get the stack of cards by pressing "Play" button on any of it there's an option "Find another user".

By navigating further user can select "Challenge all app users" - at this case created game will be send to all app users. This game will get to the special stack with Public Games where any app user can join this game by clicking on the main screen 'Join Active Plays'. The game will be created with the first opponent who wish to join.

## **SEARCH**

By navigating from "Challenge your friends" in Challenge users section user get the stack of cards by pressing "Play" button on any of it there's an option "Find another user". By this option user can find his friend who is app user as well and challenge him. Also from this screen user can challenge users with whom he had plays previously. User can see the finished games counter with another users (for example 10 plays).

When user inputs the first letters of name, according to the request search results appear as a list of available users.

Also there's "Exclude me from search" option which allows user to exclude himself from this search results. This option also available in the Settings (tools icon in MyBook section).

## **GAME CANCELLATION**

Each user can cancel his challenge until the game is in Pending status (awaits for race results).

Game cancelling can be done:

- By pressing “Cancel Play” button in the challenge chat
- By swiping game on the left in ‘Active’ tab of MyBook (book icon) button ‘Cancel’ will be displayed

If case of event cancellation each players’ respective monies will be returned to them, minus PSB’s 10% admin fee.
